

TheFreeAdForum.com Business Opportunity Ad Submitter 1.0

This free software will submit 50 ads to the business opportunity sections of www.thefreadforum.com/classifieds

Each time you submit the software will submit to 50 random cities.

Here is how you use the software:

Tags: Put in keyword tags for your ad

Video Url: If you have a YouTube video put the url of the YouTube video you want to submit. This is optional. The software will work without submitting a YouTube video.

Image Upload: Again this is optional. If you want to include a picture with your ad upload your image from your hard drive.

Website: Put a link to your website that you want to advertise.

Username: You must first create a free account at www.thefreadforum.com/classifieds and confirm your email. Input the username you chose when creating a free account with www.thefreadforum.com/classifieds.

Password: Input the password you used when you created an account at www.thefreadforum.com/classifieds

Title: Put the title(s) of your ad. You can spin many titles using Spintax. Example {Title 1| Title 2| Title 3} It is highly recommend to spin as many titles as possible making your ads unique.

Description: Put the description of your ad. You can use html. You can also spin your descriptions like you spun the titles with spintax.

Once you have inputted the information just click run and let the software run.

This software is brought to you by [Quickregister.net Marketing Software](http://Quickregister.net)

This is free software. It may be shared and given away but not sold.
